

**This summer AEGEE-Patra's members and participants from all over Europe will have the time of their lives :) during this Summer University. We will all meet new people and make friends. Friends from other countries who will show us their cultures and customs. All these will take place to our beautiful Greece, a place with lot of myth stories about gods and their intrigues.**

**We are looking for enthusiastic people full of energy, who can visit places during day and having fun at parties during night! People who like sea and are not afraid to dive at the blue waters of Zakynthos island. If this sounds like you then...apply!**
